Our records indicate that <Pat_First_Name> <Pat_Last_Name> will receive TYSABRI[®] (natalizumab) infusions for <INDICATION> at <Acct_Name> and is authorized through <Pat_Auth End>.

Every six (6) months, a patient must be reauthorized in the TOUCH[®] Prescribing Program in order to continue enrollment and remain authorized to receive TYSABRI for <INDICATION>.

If you are unable to verify current authorization status through TOUCH On-Line[®] (www.touchprogram.com), have received a Notice of Patient Discontinuation, or have not received an updated Notice of Patient Authorization, do not infuse, and contact Biogen Patient Services.

Per the requirements of the TOUCH Prescribing Program, authorized infusion sites must:

- Verify that the patient is currently authorized to receive TYSABRI prior to each infusion
- Provide the patient with a copy of the Patient Medication Guide prior to each infusion
- Administer and Submit the Pre-infusion Patient Checklist, whether the patient is infused or not, to Biogen (www.touchprogram.com or fax to 1-800-840-1278) within one (1) business day of a patient visit.

If you become aware that a patient is discontinuing or switching administration sites, please let us know. Similarly, if Biogen learns of changes in patient treatment, we will bring it to your attention. If you have additional questions, please call Biogen Patient Services at 1-800-456-2255. We are available Monday through Friday, 8:30 AM to 8:00 PM (ET).

For Full Prescribing Information, including Boxed Warning, please see www.TYSABRI.com.

Please retain a copy of this notice in the patient's medical record.

Sincerely,
TOUCH Prescribing Program
